

Canon Foundation-Kyoto University Japan-Africa Exchange Program

The Canon Foundation in Europe (CFE) and Kyoto University (KU) started the Canon Foundation-Kyoto University Japan-Africa Exchange Program in 2018. The program offers fellowships to highly qualified researchers in fields of research related to African Studies. The program is intended to support 1) fellows from KU who carry out research at host institutions in Africa, and 2) those coming to KU from its partner institutions in Africa to conduct their research at Kyoto University. The fellowships are for a minimum period of ~~three months~~ **six weeks** up to maximum of one year between April 1, 2024 and March 31, 2025. **It is also possible to split the time the applicant spends abroad.**

Eligibility

Applicants need to be holding at least an MA degree and employed either at KU or KU's partner institutions¹ as post-doctoral fellows or faculty members at the time of applying. In addition, as long as African applicants can submit one of the two reference letters received from their prospective host from Kyoto University and prove their existing partnerships, they are eligible to apply for the program.

Application Procedure

The deadline for applications is November 15th, 2023. Consideration of the applications takes place first at KU and then at CFE. The Selection Committee of CFE will make final decisions and email the results to applicants before the end of March of the same year.
